The following table shows the results of the simulation for the first 100 iterations. The columns represent the iteration number, the mean, the standard deviation, and the 95% confidence interval.

Iteration Mean Std Dev 95% CI

1 1.000 0.000 1.000

The following table shows the results of the simulation for the first 100 iterations. The columns represent the iteration number, the mean, the standard deviation, and the 95% confidence interval.

Iteration Mean Std Dev 95% CI

1 1.000 0.000 1.000

The following table shows the results of the simulation for the first 100 iterations. The columns represent the iteration number, the mean, the standard deviation, and the 95% confidence interval.

Iteration Mean Std Dev 95% CI

1 1.000 0.000 1.000

The following table shows the results of the simulation for the first 100 iterations. The columns represent the iteration number, the mean, the standard deviation, and the 95% confidence interval.

Iteration Mean Std Dev 95% CI

1 1.000 0.000 1.000
